Meeting Overview

The Harris County Flood Control District provided attendees with a presentation and the opportunity to ask questions about the Ardmore Bridge Reconstruction project. The meeting was held at Good Hope Missionary Baptist Church on Wednesday, June 5, 2019 from 6 p.m. to 8 p.m.

As a part of Project Brays, the Ardmore Bridge is to be reconstructed in an effort to reduce flooding along Brays Bayou. The current bridge will be demolished and replaced with a higher, longer and wider bridge, allowing for a larger volume of water to flow more freely.
